STATUTORY FORMULA GRANTS

INTRODUCTION

This publication provides grant estimates for FY 2016 and 2017, as well as estimated expenditures for FY 2015, for certain ongoing grant programs under which the State of Connecticut's payments to municipalities are determined by statutory formulas.

Grantees include cities, towns, boroughs and regional school districts that receive education program funding directly from the state. Due to rounding and the exclusion of data for certain lesser taxing districts, the sum of the amounts in some columns does not reflect the total of the approved funding. Grantee-specific estimates are not available for programs listed under *Additional Grants*. For each of these programs, the total actual expenditure for FY 2015, the estimated expenditure for FY 2016 and the recommended budget for 2017 is reported in the following section.

In the Grant Program Summaries section, **lower-case boldfaced text indicates proposed legislation that could, if enacted, make significant change(s) to the program referenced.** *Throughout this publication, lower-case italicized type reflects text with added emphasis.*

Please direct questions concerning grant programs to the appropriate agency. Staff from the Department of Education's Finance and Internal Operations unit (860-713-6455) answer questions concerning all education program grants and provides periodic updates of data for education grants under the Grants Management directory on the agency's web site (www.sde.ct.gov). Department of Transportation staff (860-594-2675) answer questions concerning the Town Aid Road Grant. The Department of Public Health (860-509-7703) is the contact for questions concerning the School-based Health Clinic grant. For questions regarding any other program in this publication, contact the Office of Policy and Management's Intergovernmental Affairs Unit (860-418-6484).

Note – CGS §12-62 governs real property revaluation requirements for Connecticut towns. A town's failure to implement a revaluation in accordance with statutory requirements could result in the imposition of a penalty equal to the forfeiture of 50% of its Mashantucket Pequot and Mohegan Grant and the loss of the amount otherwise allocable under the Local Capital Improvement Program (LoCIP). The Secretary of the Office of Policy and Management may waive the penalty for a reason set forth in CGS §12-62(d).

GRANT PROGRAM SUMMARIES

The grant estimates that follow are for the programs described below.

Audit adjustments or the receipt of more current data can significantly impact actual payments.

1. STATE-OWNED REAL PROPERTY PAYMENT-IN-LIEU OF TAXES (PILOT)

The Office of Policy and Management administers this PILOT program pursuant to CGS §12-19a, §12-19b, §12-19c, §4b-39, §32-666, and PA 13-277 § 58-61. This program provides payments for real property tax losses due to exemptions applicable to state-owned real property, certain real property that is the subject of a state lease or long-term financing contract, municipally-owned airports and certain land held in trust by the federal government.

Payments in FY 2015 relate to exemptions on the 2012 Grand List; FY 2016 and FY 2017 payments are for exemptions on the 2013 and 2014 Grand Lists.

A property's use and the amount of state-owned real property in a town determine PILOT percentages, which are:

- (1) 100% for state prison facilities used for purposes of incarceration in the prior fiscal year, that portion of the John Dempsey Hospital used as a permanent medical ward for prisoners, the Connecticut Juvenile Training School, land designated under the 1983 settlement boundary and taken into trust by the federal government for the Mashantucket Pequot Tribal Nation on or after June 8, 1999, and all state-owned property in a town in which the State of Connecticut owns more than 50% of the property within the town's boundaries;

(2) 65% for the Connecticut Valley Hospital; and

(3) 45% for all other state-owned real property, certain real property leased by the state as described in §4b-39, municipally-owned airports and certain other real property owned or controlled by the federal government.

A grantee's payment in any year may reflect a modification due to an audit of an amount previously paid. Beginning in FY 2015, the four towns (Windsor Locks, Suffield, East Granby and Windsor) will receive a total of \$4,678,571.79 directly from the Connecticut Airport Authority, regardless of actual property tax loss. This payment will not be part of the State Owned PILOT payment.

There is also a proportionate reduction of PILOT totals to the amount of the appropriation in any year in which funding is insufficient.

Grantees receive PILOT payments on or before September 30th.

2. PRIVATE COLLEGES AND GENERAL AND FREE STANDING CHRONIC DISEASE HOSPITALS PILOT

The Office of Policy and Management administers this PILOT program pursuant to CGS §12-19b(b), §12-20a and §12-20b. This program provides payments for real property tax losses due to exemptions applicable to eligible private colleges and general and free standing chronic disease hospitals. Payments in FY 2015 relate to exemptions on the 2012 Grand List; FY 2016 and FY 2017 payments are for exemptions on the 2013 and 2014 Grand Lists.

The calculation of the PILOT for towns and certain fire districts reflects 77% of their tax losses for the appropriate grand list. Exceptions to this calculation include the campuses of the Connecticut Healthcare Systems located in Newington and West Haven and owned by the United States Department of Veterans' Affairs. Additionally, CGS §12-20b and §12-19b specify the following payments: \$100,000 for the Connecticut Hospice in Branford; \$1,000,000 for the United States Coast Guard Academy in New London; and \$60,000 for the state-owned forest in Voluntown.

A grantee's payment in any year may reflect a modification due to an audit of an amount previously paid. There is also a proportionate reduction of PILOT totals to the amount of the appropriation in any year in which funding is insufficient.

Grantees receive PILOT payments on or before September 30th.

3. MASHANTUCKET PEQUOT AND MOHEGAN FUND GRANT

The Office of Policy and Management administers this program under which payments from the proceeds of the Mashantucket Pequot and Mohegan Fund are determined pursuant to CGS §3-55i, §3-55j, and §3-55k, and Section 96 of Public Act 06-187, which is not codified but remains in effect.

There is an allocation pursuant to the statutory amount cited for each formula, calculations for which are:

- (1) \$20 million on the basis of the PILOT for State-owned Real Property – the amount for each town is calculated at one-third of the difference between what the town receives as a PILOT (excluding prior year adjustments), and what it would have received if the PILOT program had been funded at \$85,205,085. After required minimum payments are reflected, town-specific amounts are prorated to \$20 million;
- (2) \$20.1 million on the basis of the PILOT for Private Colleges and General and Free Standing Chronic Disease Hospitals – the percent of each town's PILOT (excluding prior year adjustments) to the total PILOT for all towns is calculated and the result is multiplied by the \$20,123,916 allocated for this portion of the formula;

- (3) \$35 million on the basis of CGS §3-55j(e) – a modification of the Property Tax Relief Fund formula in CGS §7-528;
- (4) \$5.475 million allocated to certain designated municipalities on the basis of said Property Tax Relief Fund formula; and
- (5) An additional \$47.5 million for all towns, distributed pro rata on the basis of each town’s grant determined under (1) through (4) above, to the total of all such grants, pursuant to CGS §3-55j(j).

Regardless of the formulas described in (1) through (4) above, the amounts allocated to 28 towns are specifically set forth in CGS §3-55j(g). In addition, Ledyard, Montville, North Stonington, Norwich and Preston each receive an additional \$750,000, annually.

Towns received a proportionate share of an additional \$1.6 million. These towns are members of the Southeastern Connecticut Council of Governments, or Distressed Municipalities that are members of either the Northeastern Connecticut Council of Governments or the Windham Region Council of Governments.

A town’s grant is its total formula-derived amount reduced proportionately to the program’s annual appropriation, although the additional amounts payable to the towns described in the preceding paragraph are not subject to this provision. Pursuant to CGS §22a-27j, a town’s first grant payment in any year may reflect a deduction of up to \$4,000 if the town has failed to make required payments to the Environmental Quality Fund. The estimates shown in this publication *do not* reflect these deductions, nor do they separately reflect that portion of the grant based on the PILOT formulas described above in (1) and (2) that certain towns must share with an eligible special services district located within their boundaries.

Grantees receive payments in three installments on or before January 1st, April 1st and June 30th.

4. TOWN AID ROAD FUND GRANT

The Department of Transportation administers the Town Aid Road Fund grant pursuant to CGS §13a-175a through §13a-175e, inclusive, §13a-175i, and PA 13-247 §96. Towns and boroughs use these grants for various purposes, including the construction and maintenance of public highways, roads and bridges. The Secretary of the Office of Policy and Management may approve the use of funds for other purposes. Grant calculations depend upon factors that include population data and the number of a municipality’s improved and unimproved road miles. There is an allocation of the amounts the statutes specify for each formula calculation. Additionally, there is a proportionate reduction of grant totals, as calculated, to the appropriation.

Municipalities receive 50% of this grant in July and the balance in January.

5. LOCAL CAPITAL IMPROVEMENT PROGRAM (LoCIP)

LoCIP grants are administered pursuant to CGS §7-535 through §7-538, PA 13-184 §93-94, and PA 13-247 §93. The Office of Policy and Management must approve LoCIP projects; eligibility parameters are described in CGS §7-536, and expanded uses and time frames.

Towns and boroughs must request reimbursement for an approved project within seven years of its approval date, although there may be a waiver of this provision under appropriate terms and conditions. Reimbursement cannot exceed the total of a grantee’s unused entitlement. This includes the formula-generated amount for the current fiscal year (which is available on March 1) and the unused portion of all previous entitlements.

Grantees receive payments after they certify the completion of an approved project (or a portion of an approved project) and following the allotment of funds from state bond proceeds.

6. PUBLIC SCHOOL TRANSPORTATION

The Department of Education administers the Public School Transportation grant pursuant to CGS §10-54, §10-66ee, §10-97, §10-158a, §10-266m, §10-273a and §10-277. Percentages used to reimburse local districts for public school transportation expenditures depend on local wealth, based on the ranking of each district's Adjusted Equalized Net Grand List Per Capita (AENGLC).

The wealthiest 17 towns are assigned a reimbursement percentage of zero; the remaining districts are each assigned a reimbursement percentage that is more than zero and equal to or less than 60. Secondary and K-12 regional districts receive a 10 percentage point bonus. No local or regional board of education may receive an entitlement of less than \$1,000. There is a proportionate reduction of grant totals, as calculated, to the amount of the appropriation.

Grantees receive payments in April.

7. NON-PUBLIC SCHOOL TRANSPORTATION

The Department of Education administers the Non-public School Transportation grant pursuant to CGS §10-266m, §10-277 and §10-281. Percentages used to reimburse local districts for non-public school transportation expenditures are determined in the same manner as are the reimbursement percentages for the Public School Transportation Grant. Allowable transportation costs for non-public school children are capped at twice the per pupil public school transportation expenditure for the year prior to the expenditure year. There is a proportionate reduction of grant totals, as calculated, to the amount of the appropriation.

Grantees receive payments in April.

8. ADULT EDUCATION

The Adult Education grant is administered by the Department of Education pursuant to CGS §10-71 and §10-71a. Grants to reimburse adult education expenditures are determined on a sliding scale similar to that used in determining public and non-public school transportation grants, except that the percentage range is 0% to 65%. Districts identified under CGS §10-266p(a) as Priority School Districts (i.e., those with the largest numbers or highest percentages of poor and remedial students) cannot receive a reimbursement percentage of less than 20. There is a proportionate reduction of grant totals, as calculated, to the amount of the appropriation.

Ninety-five percent of the annual appropriation is available for grants; 5% is set aside for administrative purposes.

Grantees receive 66% of this grant in August and the balance in May.

9. EDUCATION COST SHARING (ECS)

The Department of Education administers the ECS grant pursuant to CGS §10-262f, §10-262g, §10-262h, §10-262i and §10-262j. The total grant amount does not match the total appropriation for the Education Equalization Account because State Charter Schools funding and Local Charter Start Up Funding is included in the Education Equalization appropriation.

The Minimum Budget Requirement (MBR) for Non-Alliance Districts is the prior year's budgeted appropriation, except for (A) up to a one-half percent reduction for a decrease in resident students when comparing October counts from two years prior to the current year and October counts from three years prior to the current year, (B) for districts that do not maintain a high school and pay tuition to another school district, a reduction in the number of resident students attending high school for such district for the school current year, is lower than such district's number of resident students attending high school, or (C) up to a one percent reduction for demonstrating new savings through increased interdistrict efficiencies or through regional collaboration. Any increases in ECS aid must be added to the board of education budget.

The MBR for Alliance Districts (the 30 lowest performing districts) equals the prior year's budgeted appropriation plus any additional local funds necessary to ensure that the local share of public school expenditures is at least 20% in FY 2013; increasing to 21% in FY 2014, 22% in FY 2015, 23% in FY 2016 and 24% in FY 2017. Any increases in ECS aid are conditional, subject to the Department of Education approval for the purpose of improving district-wide academic improvement and reduction of any achievement gaps.

Any town that fails to meet its MBR is subject to a penalty equal to twice the amount of the funding shortfall. Pursuant to statute the penalty is applied two years after the year of noncompliance.

Grantees receive 25% of their Non-Conditional payments in October, 25% in January and the balance in April.

10. GRANTS FOR MUNICIPAL PROJECTS

The Office of Policy and Management administers this program pursuant to PA 13-239 §55 and PA 13-247 §128 for the construction and maintenance of public highways, roads and bridges.

Grant payments are made by December 31st.

ADDITIONAL GRANTS

GRANT PROGRAM SUMMARIES

Grantee-specific estimates are not available for these programs.

MUNICIPAL REVENUE SHARING: Manufacturing Transition & Population/Property Tax Relief Grants

Beginning in FY 2014 this grant is repealed, pursuant to PA 13-184 §77(1)(J). PA 11-61 established the Municipal Revenue Sharing Account MRSA funded by portion of the sales, luxury and state real estate conveyance tax, within the General Fund. The account will support payments estimated at \$90.0 million in FY 2012 and \$94.1 million in FY 2013, as follows:

- (A) \$49.87 million in each year to towns, boroughs, and lesser taxing districts for Manufacturing Transition Grants; and
- (B) A one-time grant, paid through the FY 2012 fourth quarterly payment to Montville in the amount of \$62,954 and Ledyard of \$39,411 pursuant to Section 10 of PA 12-104;
- (C) The remaining balance is to be distributed as follows:
 - 50 percent a per capita basis;
 - with the remaining 50 percent distributed according to a property tax relief formula that apportions funds based on a municipality's population, adjusted equalized net grand list per capita, and per capita income of town residents.

Pursuant to PA 14-47 §46, the Department of Revenue Services commissioner is required to deposit \$12.7 million of sales and use tax payments for FY 2015 into the Municipal Revenue Sharing Account (MRSA). The act also requires the Office of Policy and Management (OPM) secretary to distribute the funds to municipalities according to a specified municipal revenue sharing formula. Under the formula, the grants are distributed as follows:

- 50 percent on a per capita basis, and;
- 50 percent according to an existing property tax relief formula that apportions funds based on a municipality's population, adjusted equalized net grand list per capita, and per capita income of town residents.

Under the original grant payments were made quarterly, payable on November fifteenth, February fifteenth, May fifteenth and August fifteenth; however no payment date is specified for the FY 2015 payments.

MUNICIPAL AID ADJUSTMENT

The Office of Policy and Management administers this program pursuant to PA 13-247 §127 for grants to specified municipalities.

Grant payments are made by December 31st.

CHILD DAY CARE

The Office of Early Childhood issues Child Day Care funds pursuant to CGS §8-210 in order to fund a portion of the costs needed to develop and operate licensed day care centers for children disadvantaged by reasons of economic, social or environmental conditions.

Entities receive payments at various times, in accordance with contracts entered into with the Office of Early Childhood.

SCHOOL-BASED HEALTH CLINICS

The Department of Public Health distributes grants for school based health centers pursuant to its powers under CGS §19a-2a. Funding supported the operation of 84 school based health centers, 12 enhanced sites, and one school-linked site in FY 2014. School-based health centers provide comprehensive primary health care (including medical, mental and oral health care) to enrolled students in communities that have large numbers of low income, high risk children and adolescents.

PA 12-116 required the Commissioner of Public Health to establish or expand a minimum of twenty school based health centers that are located in alliance districts for the school year commencing July 1, 2012. Funding for this purpose was offered through a competitive process. Awards were made for 11 new sites and expansion of 6 sites in alliance districts.

The Commissioner of Public Health certifies payments at various times.

LOCAL AND DISTRICT DEPARTMENTS OF HEALTH

A statutory per capita grant is paid by the Department of Public Health to eligible local health authorities, pursuant to CGS §19a-202 and §19a-245. Upon application:

- Each health district that has a population of at least 50,000 or serves at least three municipalities receives \$1.85 per capita for each town, city and borough of such district, provided (1) the commissioner approves the district's public health program and budget, and (2) the towns, cities and boroughs of such district appropriate from annual tax receipts for the maintenance of the health district not less than one dollar per capita; and
- Each municipal health department receives \$1.18 per capita, provided the municipality (1) employs a full-time director of health, (2) submits a public health program and budget which is approved by the commissioner, (3) appropriates not less than one dollar per capita from annual tax receipts for health department services, and (4) has a population of at least 50,000. By law, every city or town having a population over 40,000 for a period of five consecutive years must hire a full-time local director of health.

SPECIAL EDUCATION: EXCESS COSTS-STUDENT BASED

The Department of Education administers the Excess Costs-Student Based grant pursuant to CGS §10-76d, §10-76g and §10-253. Costs in excess of four and one-half times a town's average cost per pupil for the prior year are paid for students placed in a special education program by a local school district, pursuant to CGS §10-76g(b).

For placements initiated by a state agency, a Superior Court or a federally recognized Native American tribe (rather than by a local school district), this program provides 100% reimbursement of costs in excess of the district's prior year Net Current Expenditure Per Pupil (NCEP), pursuant to CGS §10-76d(e)(3) and §10-76g(a)(1).

There is a proportionate reduction of grant totals, as calculated, to the amount of the appropriation. For certain no-nexus students and special education students who reside on state property, 100% of the current year cost is covered, pursuant to CGS §10-76g(a)(1) and §10-76d(e)(3).

Grantees receive 75% of their payments in February and the balance in May.

OPEN CHOICE GRANT

The Department of Education administers the OPEN Choice grant, pursuant to CGS §10-266aa, to encourage inter-district attendance between the cities and suburbs. Both the sending and receiving districts equally share the credit for these students for those state grants that use resident students or average daily membership data. The department shall provide, within available appropriations, an annual grant to the local or regional board of education for each receiving district in an amount equal to (A) three thousand dollars for each out-of-district student who attends school in the receiving district under the program if the number of such out-of-district students is less than two per cent of the total student population of such receiving district, (B) four thousand dollars for each out-of-district student who attends school in the receiving district under the program if the number of such out-of-district students is greater than or equal to two per cent but less than three per cent of the total student population of such receiving district, (C) six thousand dollars for each out-of-district student who attends school in the receiving district under the program if the number of such out-of-district students is greater than or equal to three per cent but less than four percent of the total student population of such receiving district, (D) six thousand dollars for each out-of-district student who attends school in a receiving district under the program if the Commissioner of Education determines that the receiving district has an enrollment of greater than four thousand students and has increased the number of students in the program by at least fifty percent from the previous fiscal year, or (E) eight thousand dollars for each out-of-district student who attends school in the receiving district under the program if the number of such out-of-district students is greater than or equal to four per cent of the total student population of such receiving district.

OPEN Choice inter-district school attendance between Hartford and other districts may include preschool programs in addition to all-day kindergarten. Grants are available for before- and after-school care and remedial services for preschool students, as well as for subsidies to receiving districts.

Grantees receive a portion of their grant in November and the balance in April.

MAGNET SCHOOLS

The Department of Education provides grants for the operation of inter-district magnet schools pursuant to CGS §10-264/.

The determination of grant amounts depends upon factors such as a magnet school's resident and non-resident student counts and whether it is run by a Regional Educational Service Center (RESA), the town in which the school is located or another entity. Greater per pupil grant amounts are available for inter-district magnet schools that assist Connecticut in meeting the goals of the current Sheff agreement.

The Department of Education's certification of payments varies, depending on the grant's purpose.

Operation portion – grantees receive 70% by September 1st and the balance by May 1st.

Transportation portion – grantees receive 50% in October and the balance in May.

YOUTH SERVICE BUREAUS

The Youth Service Bureau program that the Department of Education administers pursuant to CGS §10-19m through §10-19p, assists in the provision of comprehensive services to delinquent and troubled youth, including prevention and intervention programs, treatment and follow-up services.

Ninety-eight percent of the annual appropriation is available for grants; 2% is set aside for administrative purposes. Beginning in FY 2016, the Youth Service Bureau program is transferred to the Department of Children and Families.

PRIORITY SCHOOL DISTRICT PROGRAM

The Department of Education administers the three grants that comprise the Priority School District Program: those for Priority School Districts, Extended School Hours, and School Year Accountability (or Summer School). Beginning in FY 2016, the Extended School Hours and the School Year Accountability components of the grant are eliminated.

The table shown below reflects appropriations for the components of the Priority School District Program. Descriptions of each grant follow.

Priority School District Program Grants	FY 2015 In Millions	FY 2016 In Millions	FY 2017 In Millions
Priority School Districts	\$ 40.7	\$ 40.7	\$ 40.7
Extended School Hours	3.0	0.0	0.0
School Year Accountability (Summer School)	3.5	0.0	0.0
Total	\$ 47.2	\$40.7	\$ 40.7

PRIORITY SCHOOL DISTRICTS

Payments for Priority School Districts are determined pursuant to CGS §10-266p. Among the factors used to determine grant amounts are population, mastery test scores and the number of students receiving Temporary Family Assistance. Each Priority School District must receive a grant of at least \$150 per student. The town with the sixth highest population in the state also receives an additional \$2,020,000 per year.

There is also a distribution of supplemental funds in each fiscal year in proportion to each town's regular Priority School District grant. The supplemental grant total is \$2,925,841 in FY 2016 and \$2,882,368 in FY 2017.

Grantees receive payments monthly.

EXTENDED SCHOOL HOURS

The Extended School Hours grant, administered pursuant to CGS §10-266p, §10-266t and §10-266u, allows an expansion of the number of schools in Priority School Districts that can be kept open for academic enrichment and recreational programs after school hours, on Saturdays and during school vacations. Multiplying the appropriation by the ratio of each Priority School District's average daily membership to the total average daily membership of all such districts determines payment amounts. Beginning in FY 2016, the grant is eliminated.

Grantees receive payments monthly.

SCHOOL YEAR ACCOUNTABILITY (SUMMER SCHOOL)

The School Year Accountability (Summer School) grant, administered in accordance with CGS 10-265m and 10-266m, assists children in Priority School Districts by allowing the provision of additional instruction to those students whose mastery test scores indicate it is needed. Beginning in FY 2016, the grant is eliminated.

Grantees receive payments monthly.

EARLY CHILDHOOD (SCHOOL READINESS)

The purpose of the Early Childhood (School Readiness) grant is to initiate and expand pre-kindergarten programs. This grant is administered in accordance with CGS §10-16o through §10-16r, inclusive, and §10-266p.

The grant distribution formula is based on each district's School Readiness program capacity multiplied by its per child cost (which cannot exceed \$8,670 per child).

Certain school districts that serve at least 40% of lunches free or at a reduced price are eligible for a separate grant. Non-priority school districts that are ranked between one and fifty, in descending order according to wealth, are eligible to compete for this grant. *Because of its competitive nature, funding for this grant is not reflected in this publication.*

Grantees receive payments monthly for the non-competitive grants described above.

SCHOOL-BASED CHILD HEALTH

Pursuant to CGS §10-76d (a), the Department of Social Services remits grants to those local and regional boards of education that voluntarily determine the Medicaid eligibility of their special education students and furnish the information the agency needs to obtain federal reimbursement for certain services that eligible students receive (e.g., physical, occupational and speech therapies, mental health services, nursing and the provision of medical supplies and specialized transportation).

Eligible boards of education receive 50% of the amount of the federal reimbursement that the state obtains, based on the federal financial participation plan in effect on January 1, 2003.

Estimates are preliminary projections that may change, depending on the actual number of claims processed. Grantees must reimburse the state if they receive an amount in excess of that to which they are entitled.

Grantees receive payments at least quarterly.

GRANTS IN LIEU OF TAXES

The Office of Policy and Management administers this program pursuant to PA 14-217 §234 for grants to specified municipalities.

No payment date is specified.
