Learn Valuable

Job Skills & Experience

Learn valuable job skills that can help you gain high level policy and planning experience in the field of Criminal Justice. Interns will assist professionals in the support and implementation of key gubernatorial and legislative initiatives by conducting research and providing technical assistance on current criminal justice topics. This internship is un-paid and is a minimum of 10 hours per week. Visit us on the web:

www.ct.gov/opm/CriminalJustice/Research

Interns will have opportunities to:

Learn About Government – Learn how the legislative process works in Connecticut, OPM's role in State government, and how it translates into legislation.

Work with other interns on agency-wide projects – Build networks and relationships with professionals and other interns to gain real world job experience.

Publish Reports – Challenge yourself by learning to analyze trends and crime rates. Monitor Connecticut's correctional system to help create widely distributed official reports that directly impact state policies.

Learn Web Skills – Assist with the Criminal Justice Website by keeping it current and informative.

Investigate New Methods – Develop forecast models for projecting changes in the statewide correctional system.

Evaluate Reentry – Assist in the evaluation of prisoner re-entry programs to study performance measures and outcomes.
