FOR IMMEDIATE RELEASE

The State Victim Advocate Applauds the Recommendations of the Speakers' Task Force on Domestic Violence.

Today the Speakers' Task Force on Domestic Violence, after months of hard work, released their report and legislative recommendations to address gaps in services to domestic violence victims for the upcoming legislative session. The Office of the Victim Advocate would like to thank all the members of the Legislative Task Force on Domestic Violence for their hard work and dedication to victims of domestic violence. "As we are all painfully aware, domestic violence continues to be an epidemic in the state of Connecticut as well as across the nation. It is only through collaboration and dedication to making our system more appropriately responsive to domestic violence, as we have seen with the Task Force's work over the months that we can begin to better protect domestic violence victims in our communities. I welcome the opportunities, as they may be available, to continue to work in collaboration with the Speakers' Task Force on Domestic Violence in addressing domestic violence in our state", Cruz stated.
