

RECOVERY.GOV

American Recovery and Reinvestment Act 2009

Project Description:

Stonington
Mystic Streetscape Improvement
\$910,000

Why it matters

This project will create a more appropriate streetscape environment given the historic character of the area and businesses within Connecticut's number one tourist area. It is located in the historic district and will link with the Mystic River Bridge project and a sister project in Groton.

Solid Investment

- Will complement work in the area associated with Mystic Seaport.
- Will be an investment for tourism.
- A second project will build on this one.

Notable Project Facts

- Project will provide period lighting, benches and landscaping.
