### **Project Description:**

New Fairfield  
Town Center Pedestrian and Streetscape Improvement  
\$210,000

### Why it matters

This project will expand walkways throughout the town center as part of their “streetscape” project. The plan extends the streetprint sidewalk from the town hall to the intersection of Route 37 and 39. The sidewalk will continue north on Route 37 for approximately 1500 feet to Route 37 which is the site of New Fairfield’s new Senior/Community Center.

### Solid Investment

- Establishes a pedestrian connection between the town hall, town library, and the community center.
- Enhances quality of life by creating a walk able town center.
- Promotes commercial activity within the downtown area.

### Notable Project Facts

- This a shovel ready project
