QUESTION: Commissioner Collins asked, “Why the plan was conditionally approved in 2013?” He also asked for the total number of faculty?” Commissioner Norton asked, “Why such a low number (6) of hires in the course of a year?” Dr. Glickman stated that they have 500 employees, not including the adjuncts and that they wanted to “balance their faculty number with the number of students they have, while meeting a diversity goal next year.”

V. Division Reports

A. Executive Director’s Report, Tanya Hughes

The ED apologized for the cancellation of the May Commission meeting due to an electronic glitch with posting the agenda. The Executive Director announced that she decided to appoint Cheryl Sharp as the new Deputy Director of CHRO. Director Hughes read a few of the many accomplishments of the new Deputy Director, including Kid’s Court, the intern program, and numerous professional contributions to CHRO. Ms. Sharp was congratulated and applauded. Director Hughes went on to review the month’s production activities and other matters including the budget and the auditors who are currently reviewing CHRO affairs. She announced that we are on target for not only meeting our EEOC contract but we now expect to exceed that number. She informed the Commission that the new contract extension had been executed and CHRO has submitted the voucher for receipt of funds.
Director Hughes asked Jim Flynn to give an update on the CTS system. He explained that it will be going “live” with a full migration of information by September 1, 2014. An “all hands test” is currently in the works to eliminate any glitches before we go live. Chairman Collins commented on the tremendous effort made and thanked Jim and others for strides made to get the new CTS system operating.

Chair Collins addressed and welcomed the State auditors Gary Kriscenski and Mark Fortin. He asked that next month’s report show the aged cases and progress – track the data. He also asked for an update about CASE for the July Commission meeting.

Director Hughes asked that Alix Simonetti give a brief overview of CASE. She informed us that Phase 2 had been completed and they indicated they may not be presenting it to committees in the legislature or completing a third phase. No draft of the final phase has been seen and thus comments were not able to be made. Chair Collins emphasized that when the report is published that we make our comments clear to them, once again, and if possible have them included in the written portion that may be seen by the Legislature.

B. Outreach Report, Deputy Director Cheryl Sharp
This report was presented by CHRO’s new Deputy Director, Cheryl Sharp. She thanked all for the support and new position. She announced the winner of Kid’s Court was Olivia Phalen, a Wilton High School student. The symposium on the ‘N’ word will be postponed because more people wanted to be involved. A new date will be given at a later time. The Business Training Institute of CHRO is planning on using Webinars. Our next informational session will be in the Bridgeport region, on June 26, where Paul Gaynor is the acting regional manager.

C. Legislative Report, Jim O’Neill
A written report was provided to the Commissioners. Jim announced CHRO’s inclusion in the working group on Construction Contracting and Transparency which was established in the last legislative session. He indicated that the leadership and support for CHRO may look very different next year. This is based on the fact that Jerry Fox, House Chairman of Judiciary committee is going to Probate Court and Senator Coleman is in a contested primary.

A motion was made by Commissioner Mambruno and seconded by Commissioner Pestana to go into Executive session. Invited into Executive Session were ED Hughes, Attorney Cheryl Sharp, and AAG David Teed. The motion carried unanimously. At 3:10 p.m. the Commissioners went into Executive session.
