Subject: Proposal Review Recommendations 1/30/18 [not-secure]

Good Afternoon,

Please see feedback regarding both proposals reviewed today. The committee has requested clarification from People First and voted to table a decision until additional information is received. We encourage People First to get the information to the DD Council by February, so that the Council can make a decision in March at our next meeting. The committee has reviewed and approved the proposal from UMKC/IHD for \$25,000 and recommends that the council chair and director approve as recommended.

1. People First Request
 - a. Request for Clarification
 - i. Please State Objectives, themes, materials developed for the conference so that the Council has a sense for global plan on the conference and general idea of direction of the conference\
 - ii. There is a \$425 discrepancy between itemized budget addendum in proposal sent to DD Council. Request for clarification.
 - iii. Request for overview of Transportation Initiative and clarification on goals
 - iv. Request for overview of Leadership Training Retreat and breakdown of goals as it aligns with our State Plan. Is this inclusive of people with disabilities?
 - v. Clarification of accommodations cost, \$375 doesn't match the budgeted amount- does this include interpreters etc? If yes, review amount for accuracy
 - vi. General overview request of itemized list of costs
 - b. Motion request to table the proposal until additional information is obtained for clarification.
2. Charting the LifeCourse
 - a. Request for update on deliverables and information regarding those who are trained. Surveys with data on evaluation on quality of training they have received
 - b. Request that as part of registration process, we hold expectation that those trained would utilize skill set moving forward in a professional capacity

Thank you,
Proposal Review Committee
