

NOTICE OF RECLASSIFICATION OF NEONICOTINOID PESTICIDES USED FOR TREATING PLANTS

Pursuant to Connecticut General Statutes section 22a-50, the Commissioner of Energy and Environmental Protection ("the Commissioner") hereby provides notice that the registered pesticides listed below will be re-classified to restricted-use only, effective January 1, 2017. On and after that date, none of the pesticides listed below, including, but not limited to, any existing inventory at retailers can be offered for sale, sold, or used, without full compliance with the requirements for restricted-use pesticides. In addition, on and after January 1, 2017, any new pesticide registration meeting the definition of neonicotinoid below, that are labeled for treating plants, will be classified as restricted-use.

The Commissioner is taking this action pursuant to the requirements of Public Act 16-17 which requires that not later than January 1, 2018, the Commissioner classify all neonicotinoids, as defined in the Act, that are labeled for treating plants, as restricted-use. (Public Act 16-17 can be viewed from the State of Connecticut's website, ct.gov, by searching for "Public Act 16-17" or "PA 16-17"). The neonicotinoids covered by this notice include "any pesticide that acts selectively on the acetylcholine receptors of an organism, including clothianidin, dinotefuran, imidacloprid and thiamethoxam" that are labeled for treating plants. These pesticides are listed below.

Any person with questions concerning this notice can contact the Department of Energy and Environmental Protection's Pesticide Program by email at deep.pesticidesprogram@ct.gov or by mail sent to the Pesticide Program, Department of Energy and Environmental Protection, 79 Elm Street, Hartford, Connecticut 06106-5127.
