Permit No.	The transporter's Connecticut Biomedical Waste Transporter Permit Number.

H	An "X" means that the transporter is also permitted to transport hazardous waste.
SP	An "X" means that the transporter is also a permitted spill cleanup contractor.

NOTE: Since all Connecticut waste transporter permits are waste-specific, you should verify with your transporter that the wastes to be transported are listed on the transporter's permit before using their services. You should also verify that the vehicle(s) to be used are in compliance with US DOT Hazardous Materials Requirements, and that the transporter has the proper insurance coverage.

This is only a partial listing of transporters that are permitted in Connecticut. This list has been established for general reference only and should not be used as an ultimate verification source (i.e., you may want to request a current copy of the waste transporter's permit from the hauler you intend to use). Please be aware that this listing may change from day to day; however, due to resource constraints, this list can only be updated from time to time. In addition, this list should not be construed to be a recommendation from the Waste Engineering & Enforcement Division of any services provided.

If you have any questions about a transporter or wish to verify that they are permitted, please call Paula Guerrero at (860) 424-3334, or email her at paula.guerrera@ct.gov.
