## Enterprise Data Warehouse (EDW) Reports

- **PTIP Raw Data - Forensic Services Folder** - Within a time period specified by the user, the report contains raw data for some admission and discharge fields and for all fields on the PTIP assessment. The user may select output for admission date, group start date, group completion date, date of order for treatment within the date range.

## AVATAR Reports

- **Cancellations and No Shows - Services Folder** - Provides a detail listing or summary of cancellation and no show services. Used for employee productivity and to ensure these services have been entered with zero durations.
- **Average Daily Census By Program - Census Folder** - This report displays a list of programs and their average daily census for a user defined date range.
- **Inpatient Legal Status for NASMHPD's State Profile - OOC Management Folder** - This report displays counts of inpatient admissions to state operated facilities during the user specified reporting period; admissions are grouped by legal status. It also displays counts of the number of patients active on the last day of the reporting period, again grouped by legal status. The DMHAS Commissioner reports this information annually to the National Association of State Mental Health Program Directors.
- **TANF Audit - Fiscal-OOC** - A listing of clients in YAS programs, by facility and program, indicating TANF eligibility; to be used for auditing charts.
- **Admission and Leave Time Issue - Data Quality Folder** - Report lists incorrect Admission, Transfers, and Leave discharge time.
