DMV Commissioner’s Advisory Committee on Teen Safe Driving

Teen-Parent Driver Agreement

Teen-Parent Driving Agreements are a proven way to raise awareness of the dangers of teen driving and reduce a teen driver’s crash risk. **Motor vehicle crashes remain the #1 killer of teens.** This Agreement spells out safety risks and what happens if the teen driver violates his/her obligations. Complete and sign this Agreement when your teen obtains a learner’s permit, and review it again when your teen obtains a license.

**Safety Risks (check-off after discussing)**

- Driving is especially dangerous for teens because the human brain does not fully develop its ability to assess risk and danger or control impulse until we reach our mid-20s. Teen driver training cannot overcome this condition.
- Passing a training course and obtaining a driver’s license means that a teen is only a beginner; **it does not mean that a teen is a safe driver.**
- Failure to follow state driving laws can cause injury, death, damage to property, and can result in criminal and civil penalties.
- Speeding, reckless driving, alcohol or drug use, not using seat belts, illegal or distracting electronic devices, illegal passengers, and/or driving while fatigued risk the life of the driver, passengers, other drivers, and pedestrians.

**Supervising Adult’s Obligations (to be initialed)**

___ I am a role model, and I will teach safe driving habits and be a safe, responsible driver at all times. I will obey all traffic laws, always wear my seat belt, never drink and drive, and not use illegal or distracting electronic devices.

___ I will, at any time and for any reason, give my teen a ride to avoid a dangerous driving or other situation. I agree that a call from my teen to provide a ride will not count as a violation of this Agreement.

**Tips for Supervising Adults**

**Is your teen ready to drive?**

Connecticut allows 16 year olds to obtain a learners permit, but an adult must decide if a teen is ready to drive. Some teens are not. Connecticut allows parents to block teens from getting a license.

**Understand the dangers of texting and cell phones.**

Texting is a major cause of motor vehicle crashes. Texting takes the driver’s eyes off the road and eliminates the time needed to avoid a crash. Teen drivers should not use any illegal or distracting electronic device.

**At least 100 hours on the road before solo driving.**

Connecticut law requires a **minimum of 40 hours of supervised driving practice** prior to getting a license. **It is recommended that a teen have at least 100 hours of supervised driving practice** before getting a license and driving solo.

Violations may be reported by law enforcement, neighbors, school personnel, or friends. This suspension will be in addition to state law requirements.
