

## Windsor Bissell Bridge Trail

### Trail Highlights

This trail connects Windsor and South Windsor via a separate facility on the Bissell Bridge across the Connecticut River. It connects Windsor to the extensive system of multi-use trails located in Manchester and East Hartford, as well as the mall areas on their borders. This trail also acts as a rivercrossing for cross-state cyclists connecting the recommended cycling routes, Matianuck Avenue in Windsor and Chapel Road in South Windsor. This trail provides beautiful scenic views of the Connecticut River.

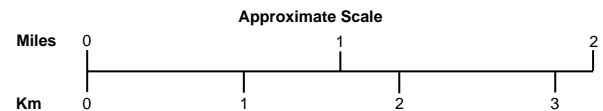

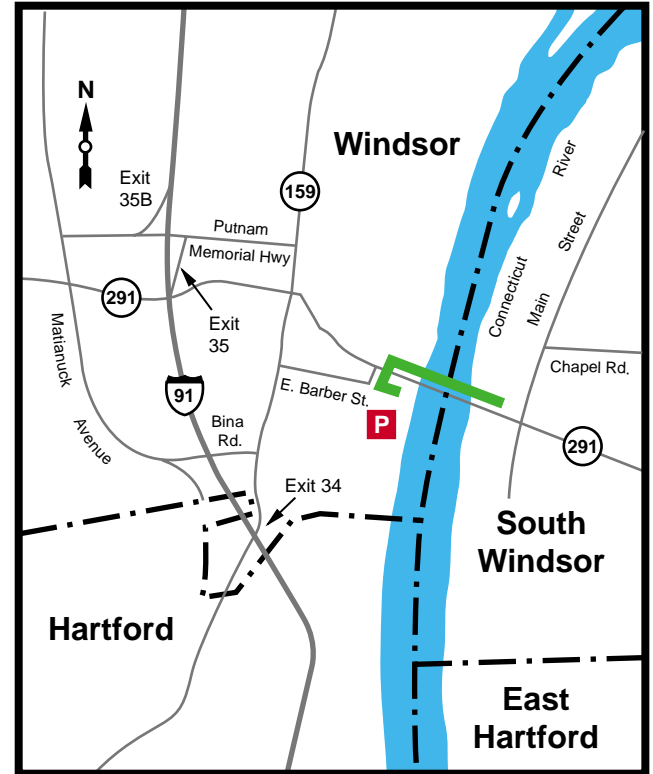

### Parking and Accessibility

Parking is located on the Windsor side of the trail, near the Connecticut River.

**From I-91 South:** Take exit 35B and go left (east) onto Putnam Memorial Highway. Then turn right onto Windsor Avenue (Route 159) and then left onto East Barber Street. Parking is available at the end of East Barber Street.

**From I-91 North:** Take exit 35 to Putnam Memorial Highway and go right (east) on this highway. Then follow directions above.
