Subject: Anthem-Cigna Proposed Merger
Date: Wednesday, July 06, 2016 11:31:24 AM

As you know, among other actions, Senator Blumenthal and 6 other Senators have asked the Department of Justice to stop this merger. Additionally, an article from the International Business Times has revealed more troubling evidence about Commissioner Wade's dishonesty.

I do not believe a merger would be in the best interests of the people of the State of Connecticut and I therefore urge you to deny the merger.
