Subject: Commissioner Wade must recuse herself from the Anthem-Cigna merger
Date: Thursday, July 07, 2016 3:33:47 PM

To: State of Connecticut Ethics Board

I urge you to require Insurance Commissioner Katharine Wade to recuse herself from the Anthem-Cigna merger.

Comptroller Lembo, and others, has pointed out her conflict of interest and asked her to recuse herself.

I agree she cannot in good conscience review the Anthem-Cigna merger and I urge you to act accordingly and require her to recuse herself.

In addition, Senator Blumenthal and six other U.S. Senators have asked the Department of Justice to stop the merger.

It is clear that there are serious concerns about this merger and its likely effect on consumers in the health care arena.

Sincerely,
Peter McKnight
