Supporting your child's healthy growth and development

You know your child better than anyone. But there are probably times when you have questions about how your child is learning, behaving or developing.

Help Me Grow can help you get the answers you need and connect you to programs, services, information and more. All you have to do is call us. (It's FREE, so call as often as you'd like!)

Keep track of your child's development with Ages & Stages Questionnaires® Third Edition (ASQ-3™)

One way to support your child's healthy growth and development is to use ASQ-3—a program that's made for parents and FREE from Help Me Grow!

When you sign up, we'll mail you a questionnaire every few months. Just by answering a few questions, you can keep track of your child's development from 2 months to 5½ years—the most important time to get your child ready to succeed in school and life. After you return each questionnaire, we'll contact you with information about your child's development.

If you have questions about your child's learning, behavior or development, talk with your pediatrician or your early care and education provider. Or, contact Help Me Grow.

Call Help Me Grow at Child Development Infoline: 1-800-505-7000

Help Me Grow is a FREE statewide program that serves children from birth to 8 years old. We connect Connecticut children and their families to community services and resources related to child health, behavior, development and learning. We serve parents, caregivers, social services agencies, child health providers, as well as early care and education providers.

Please sign me up for ASQ-3™ questionnaires!

By filling out this card and sending it to Help Me Grow at Child Development Infoline, you are signing up to receive the ASQ-3 questionnaires to keep track of your child's development.

You can also fax this form to **860-571-6853**, or register online at www.ctunitedway.org/CDI/asq.html. If you have questions, call Help Me Grow at **1-800-505-7000**.
