1. Call to order

Meeting called to order by Chair Lawrence Fox at 10:00 A.M.

2. Approve the Minutes of the December 14, 2018 Meeting

Motion made by Alfred Bertoline and seconded by Bruce Buff to approve the minutes of the December 14, 2018 Board meeting.

Thomas Ahneman raised a question about the item concerning UConn Health on the Privatization Contract Committee Agenda for later today. Mr. Ahneman’s understanding is a matter such as the UConn Health issue would come to the Board first and then the Board would refer it to the Privatization Contract Committee. Mr. Ahneman did not see it reflected in the minutes of the December 14, 2018 meeting. Mr. Rinker indicated his belief that it was raised under Chair Fox’s report for the Privatization Committee.
By consensus the December 14, 2018 minutes Section 3 was amended to reflect that the
receipt of communication from William Garrity, President of University Health Professionals
Local 3837 concerning UConn Health was referred to the Privatization Contract Committee.

Motion made by Alfred Bertoline and seconded by Bruce Buff to approve the amended minutes
of the December 14, 2018 Board meeting. All voted in favor, with Thomas Ahneman abstaining
due to his absence from the December 14, 2018 meeting.

3. Report of the Privatization Contract Committee

Chair Fox reported that the Committee held a brief meeting on December 14, 2018 where
Executive Director Guay committed to completing a questionnaire check list to be sent to the
UConn Health. The Committee later today will review that material.

Thomas Ahneman asked if it is the Board or the Committee that should ask for the contractual
material. Chair Fox responded that he believes that when the Board refers an item to the
Committee, the Committee can act on its own until it reports its results to the Board, but is not
clear on that. Executive Director Guay did not have an immediate answer and responded he
would look into it.

4. Report from the Sec. 4e-36 Contested Solicitations and Awards Subcommittee

Subcommittee Chair Robert Rinker reported that on December 14, 2018, 4e-36 Contested
Solicitations and Awards Subcommittee received a second contest from Civic Mind, LLC
regarding an RFP issued by the Capital Region Development Authority (CRDA) on behalf of the
City of Hartford for Dillon Stadium. Civic Mind, LLC supplemented its contest of December 14th
with additional materials submitted on December 20, 2108.

Civic Mind, LLC relied on a letter submitted by Attorney Kevin Reynolds to the State Election
Enforcement Commission (SEEC) regarding the self-disclosure of Hartford Sports Group (HSG) of
improper campaign contributions. Attorney Reynolds is representing HSG before the SEEC.
HSG is the proposer recommended by the CRDA and selected by City of Hartford for the Dillon
stadium project.

Michael Freimuth, Executive Director of CRDA, stated at the meeting that there is no
agreement with HSG, and no agreement would take place before a decision is rendered by the
SEEC. CRDA General Counsel, Anthony Lazzaro stated that it is still considering a three party
agreement.
Civic Mind, LLC believes there was collusion between CRDA, the City and HSG.
With regards to the collusion claim, the subcommittee told Civic Mind, LLC that this matter needs to be addressed to the Attorney General under C.G.S. 4e-31. This issue is not within the purview of the subcommittee.

With regards to the other claims, the subcommittee dismissed them without prejudice since no contract was in place. Since no contract was in place, the issue of jurisdiction of the subcommittee remained an open question as it was for the first contest filed by Civic Mind, LLC.
Mr. Rinker noted that Executive Director Freimuth stated that it was the CRDA that told HSG principals to self-disclose its campaign contributions to Mr. Stefanowski and the Connecticut Republican Party to the SEEC and to get a ruling before proceeding with a contract.

Mr. Rinker concluded that the policy questions he raised at the last meeting remaining outstanding and he doesn’t believe we need to have further discussion on them today.

General discussion was held.

Chair Fox initiated discussion by thanking Al Bertoline, Bruce Buff, Robert Rinker, Carol Wilson and Devin Marquez for their work and contribution to the report.

Albert Ilg commented that we are looking at an organization in stress, with 45,000 employees when there used to be 60,000. People take short cuts because they have to. The organization has been reduced, but the job of the organization has increased. Mr. Ilg would like a copy of the report passed by the two State Auditors. Mr. Ilg also would like to receive some comments from agency heads. Mr. Ilg lamented the complexity of procurement procedures. Mr. Ilg stressed that we have this artificial line between employees and the other expenses, which is an impediment to hiring, leaving the State with a shadow work force of contractors. Mr. Ilg thinks the recommendation for more staff for the Board is wonderful, but he wonders if it will happen.

Donna Karnes stated her believe that the key is centralization and the recommendations of the Report are simple and achievable.

Thomas Ahneman thanked the Committee, which he thinks is a good body of work, but believes the recommendations miss the mark and he does not think he can support these recommendations. Mr. Ahneman expressed his concern that OPM was not involved in the study. Mr. Ahneman explained his reason for not supporting the report is the recommendation to take the waiver approval process work away from OPM and bring it to the Board. Mr. Ahneman decried bringing more work to the Board when the Board has not completed much of its statutory tasks, such as standards creation.

Chair Fox followed up on Mr. Ahneman’s concern of the Board taking on the waiver process and notes that the report is not recommending that the Board take on the centralization of procurement, but rather another more appropriate agency. Chair Fox further stated that the thrust of the Board taking on the waiver process is because OPM is not doing the job.

Mr. Bertoline offered that the recommendations make the point that the waiver system is broken and if there is no way for OPM to fix it internally then the Board should take it over.
Robert Rinker expressed that he is in favor of moving the waiver process to the Board, noting from a previous conversation Board members had with Ben Barnes that he didn’t know OPM did the waivers. Mr. Rinker stated that is indicative of the priority. The transparency of bidding is critical, and more transparency will occur if an agency has to put up on the contracting portal that it is seeking a waiver from bidding. Mr. Rinker believes that will solicit other contractor interest.

Bruce Buff stated that he didn’t think we need new standards but enforcement of the existing standards.

Executive Director Guay asked if Carol Wilson or Devin Marquez wished to comment. Carol Wilson expressed thanks for allowing their participation in the study. Ms. Wilson agrees with a majority of the report as it concerns competitive bidding, training, and additional centralization. Ms. Wilson also expressed her agreement with many of the comments made.

Mr. Ilg wanted to again express his thanks to the committee. Mr. Ilg expressed that it is a wonderful report, trying to fix a problem that is so very big, but how we fix it is still a question and indicated he would probably abstain. Mr. Ilg added a final comment that he has been tremendously impressed with the employees that have come before the Board to express their frustrations.

Alfred Bertoline moved acceptance of the Report from the Study of PSA Competitive Bidding Practices Joint Committee, and Donna Karnes seconded.
