Additional Filing Requirements: If your committee receives a contribution or makes an expenditure in connection with a local or regional referendum/ballot question, any primary, or any other election not listed above (i.e. a special election), you are required to file a financial statement on the 12th day preceding the referendum/ballot question, primary, or election. The period covered will be the first day not covered on the last filed campaign finance disclosure statement through the 19th day preceding the referendum, primary, or election.

How to File: Effective July 1, 2017, all state central committees must file electronically by eCRIS unless they can demonstrate good cause for not being able to comply, as determined by the Commission. Committees seeking to apply for a written waiver from the electronic filing requirement should contact Commission staff.

Type of Report: The “Type of Report” corresponds to the financial disclosure reports required by General Statutes § 9-608 (a). On eCRIS, all of the filings listed on this calendar are available in the standard reports dropdown menu. **State Central Committees must file all reports using the “Itemized Campaign Finance Disclosure Statement” (SEEC Form 20).**

Period Covered: The “Period Covered” means the dates for which the committee must report all of its financial activity. The period covered must include the financial activity of the committee beginning the first day not included on the last filed financial disclosure statement and must be complete through 11:59 p.m. of the date of the last day covered. For example, the April 10 filing covers all activity starting at 12:00 a.m. on January 1 and ending at 11:59 p.m. on March 31 (assuming there is no special election during this time for which the committee spends or receives funds).

Filing Deadline: The “Filing Deadline” is the last date on which the committee treasurer may submit its disclosure filing. In addition, the disclosure filing *may not be submitted or received* on or before the last day in the period covered. For example, the April 10 filing may not be submitted or received by the Commission’s offices on March 31 or earlier, since it must cover the period ending on March 31. The earliest this report may be submitted or received is April 1. Statements not timely filed will be subject to a mandatory \$100 late fee.

When and Where to File: Statements are filed with the State Elections Enforcement Commission. Statements are considered timely filed if they are filed electronically via eCRIS before midnight on or before the filing deadline date or, for those permitted to file by paper, if they are **received** by the Commission’s offices after the filing period has begun and by 5:00 p.m. on the filing deadline date if delivered by the United States Postal Service, courier service, parcel service or hand delivery. **Committees seeking confirmation of receipt should check their committee’s filing status on [eCRIS’s Document/Filing Search](#) on the Commission’s website.**

Footnote:

1. The 12th Day Preceding General Election filings are required to be filed by **all** state central committees, regardless of whether or not they made contributions or expenditures in connection with an election. The period covered ends **seven days** before the filing deadline. If the committee receives or spends with respect to any primary for these elections, it will have to file twelve days prior to the primary as well, covering the first day not included on the last file statement through the nineteenth day preceding the primary.

If you have any questions about filing requirements, or need additional forms, have questions about how to report certain contributions and expenditures, or have questions about other campaign finance laws, please call the State Elections Enforcement Commission at (860) 256-2940 or (866) SEEC-INFO.
